The mystery of life is not a problem to be solved,
it is a reality to be experienced.

Van der Leuw

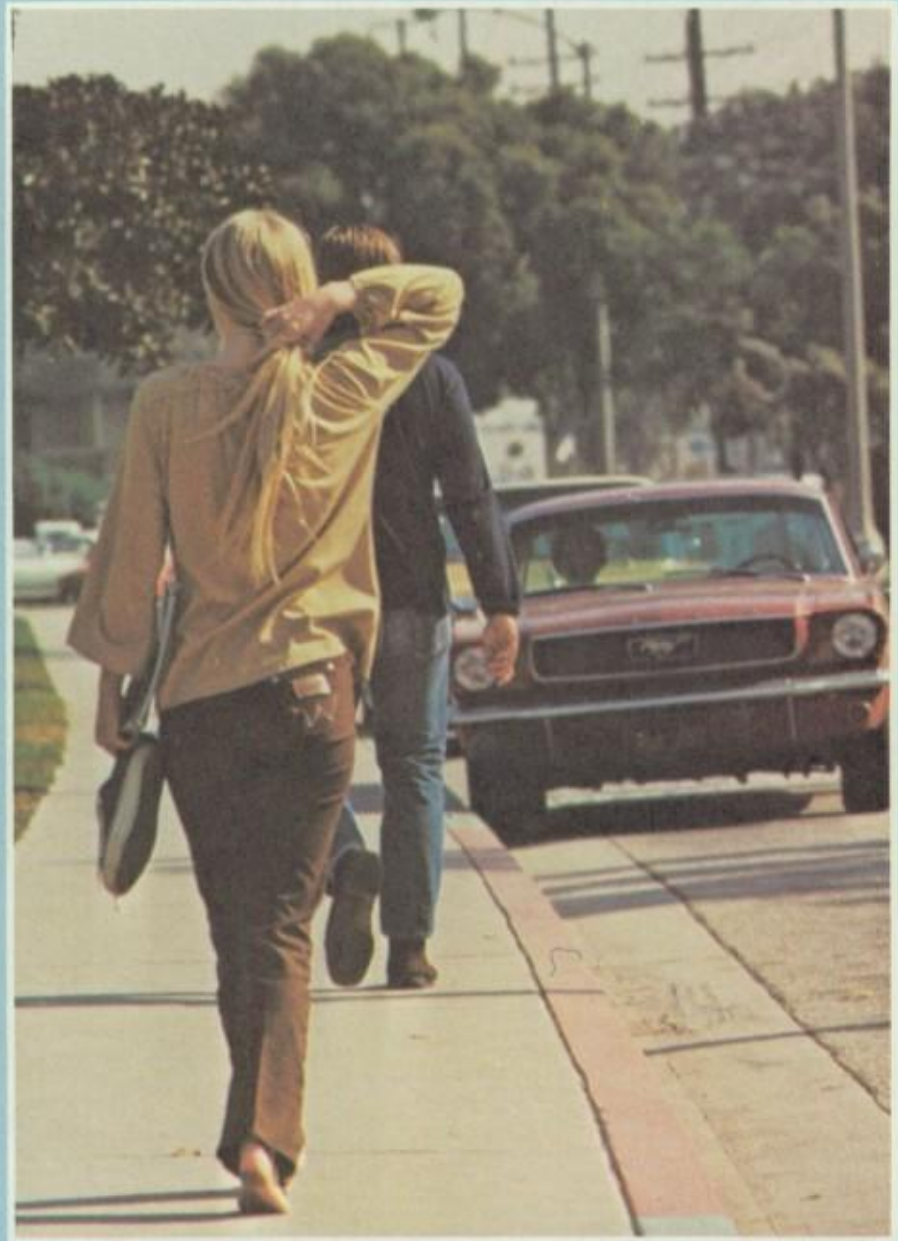

Life is a series of surprises.
Ralph Waldo Emerson

To live is not merely to breathe, it is to act; it is to make use of our organs, senses, faculties; of all those parts of ourselves which give us the feeling of existence.

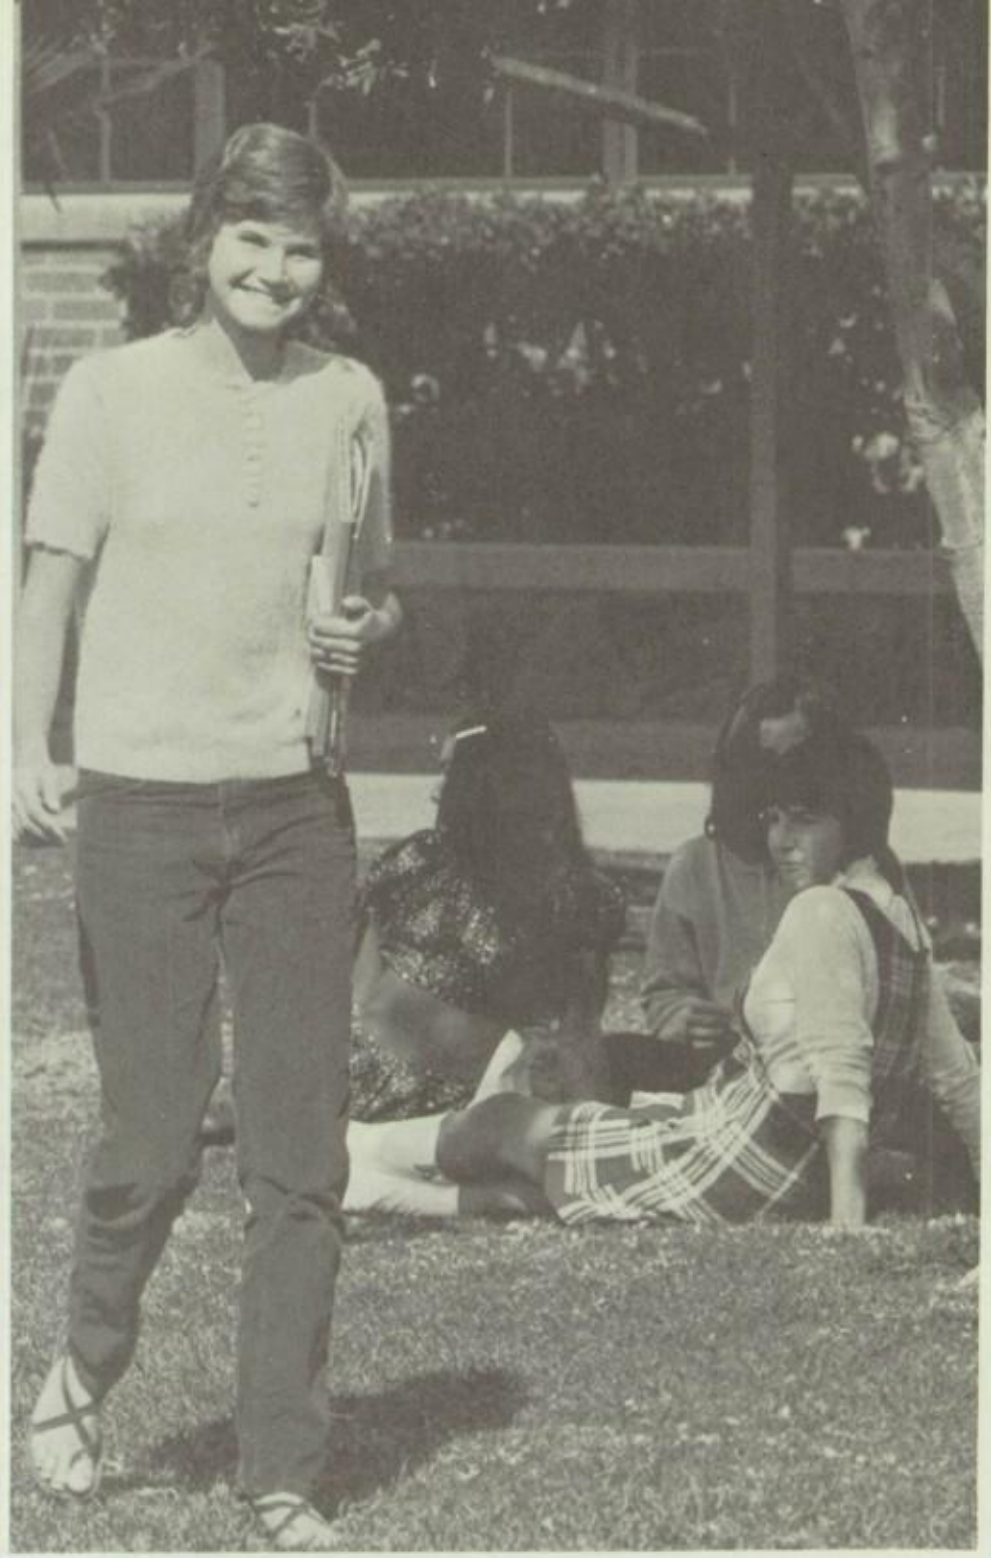

Jean Jaque Rousseau

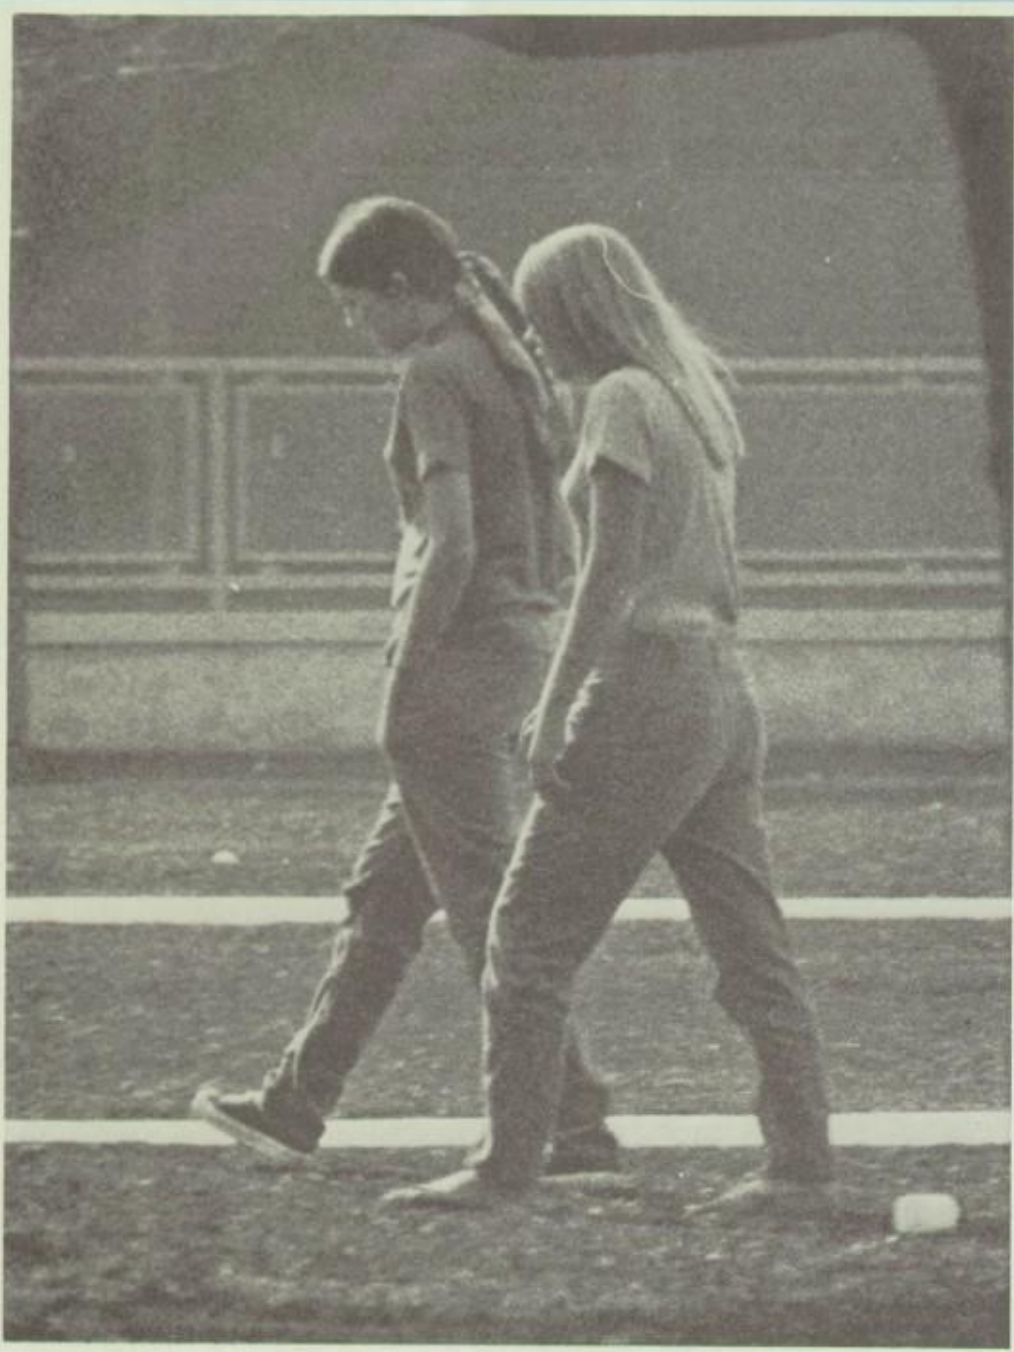

Life is that power in the individual which can force external forces to obey an internal law.

Ernst von Feuchtersleber

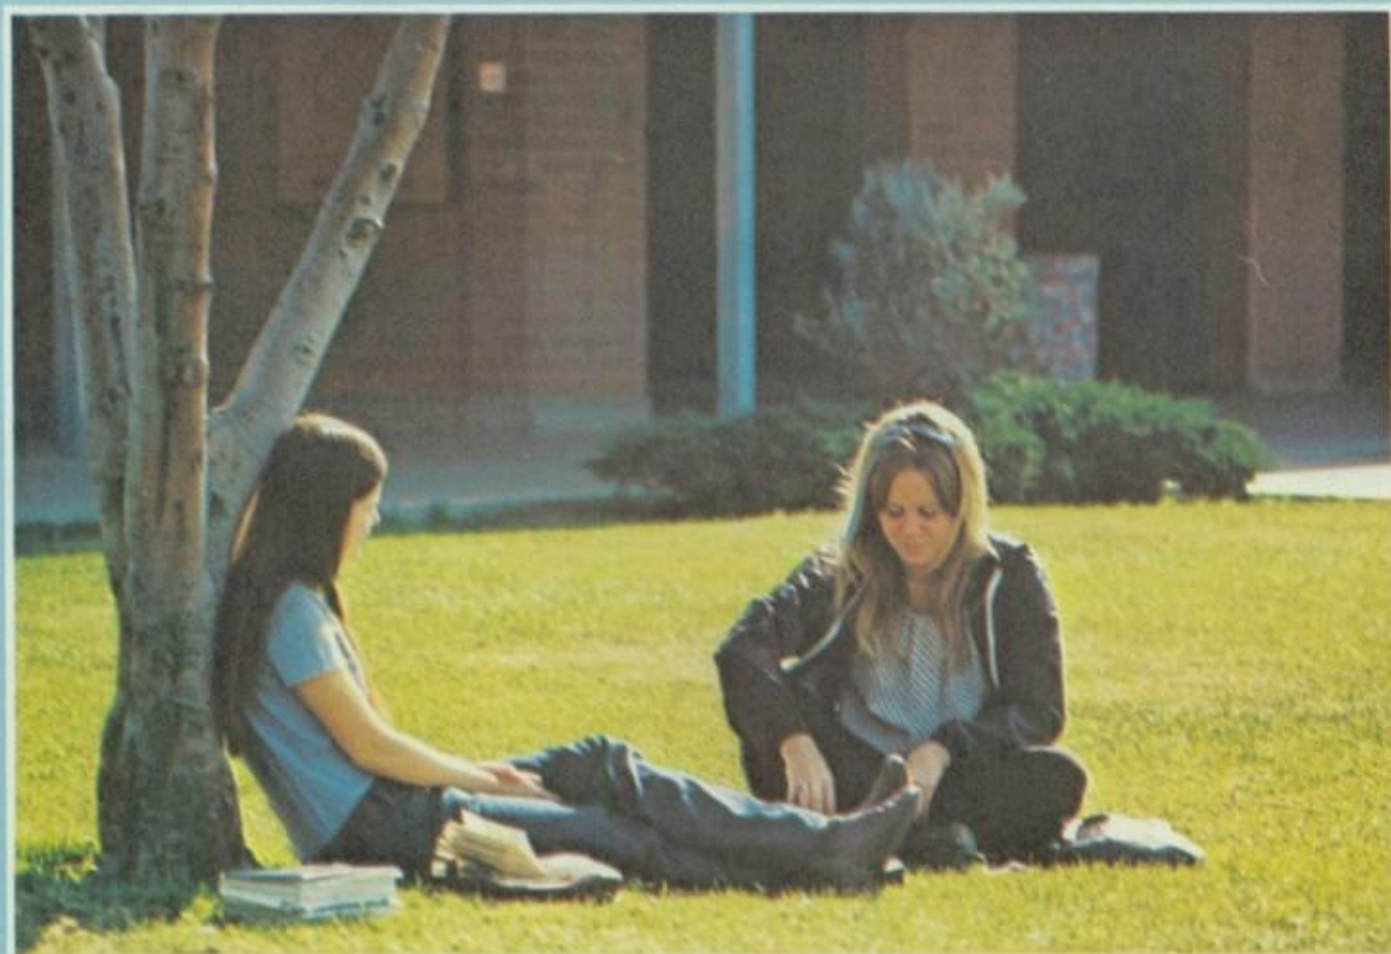

Life is a wave which in no two consecutive moments of its existence is composed of the same particles.

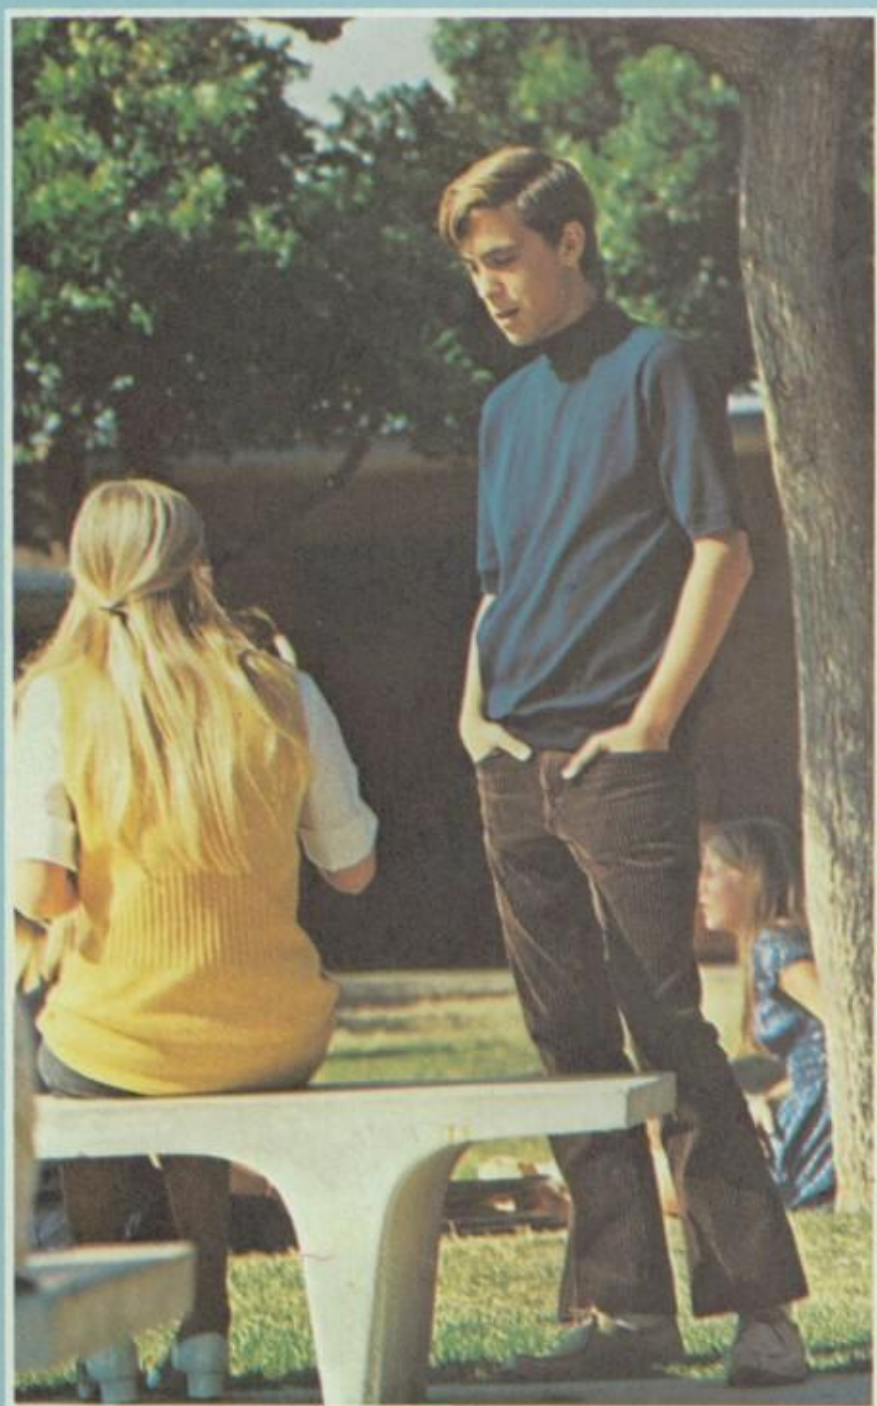

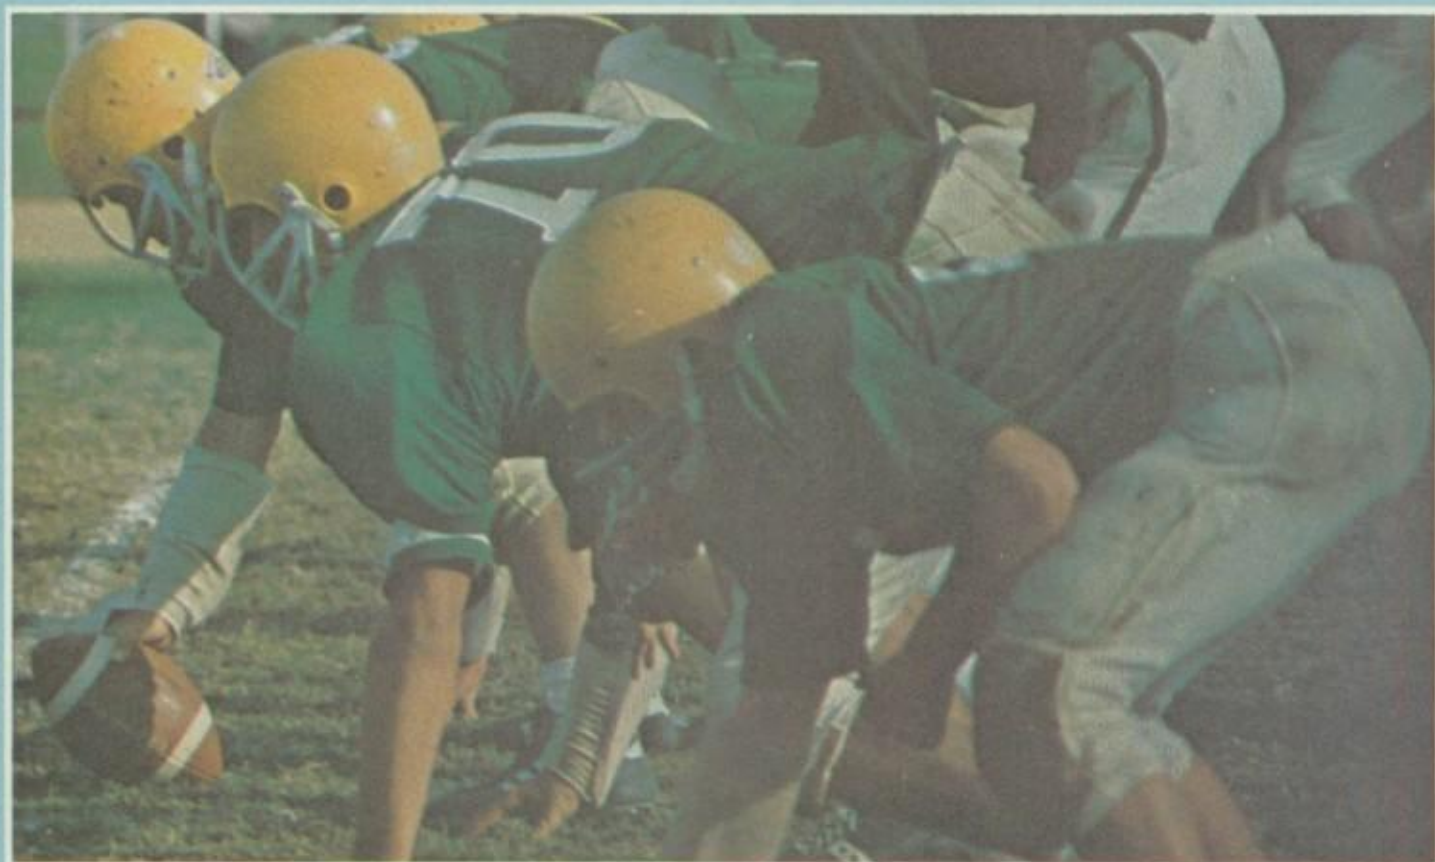

John Tyndall

The truth is that life is delicious,
horrible, charming, frightful,
sweet, bitter, and that it is every-
thing.

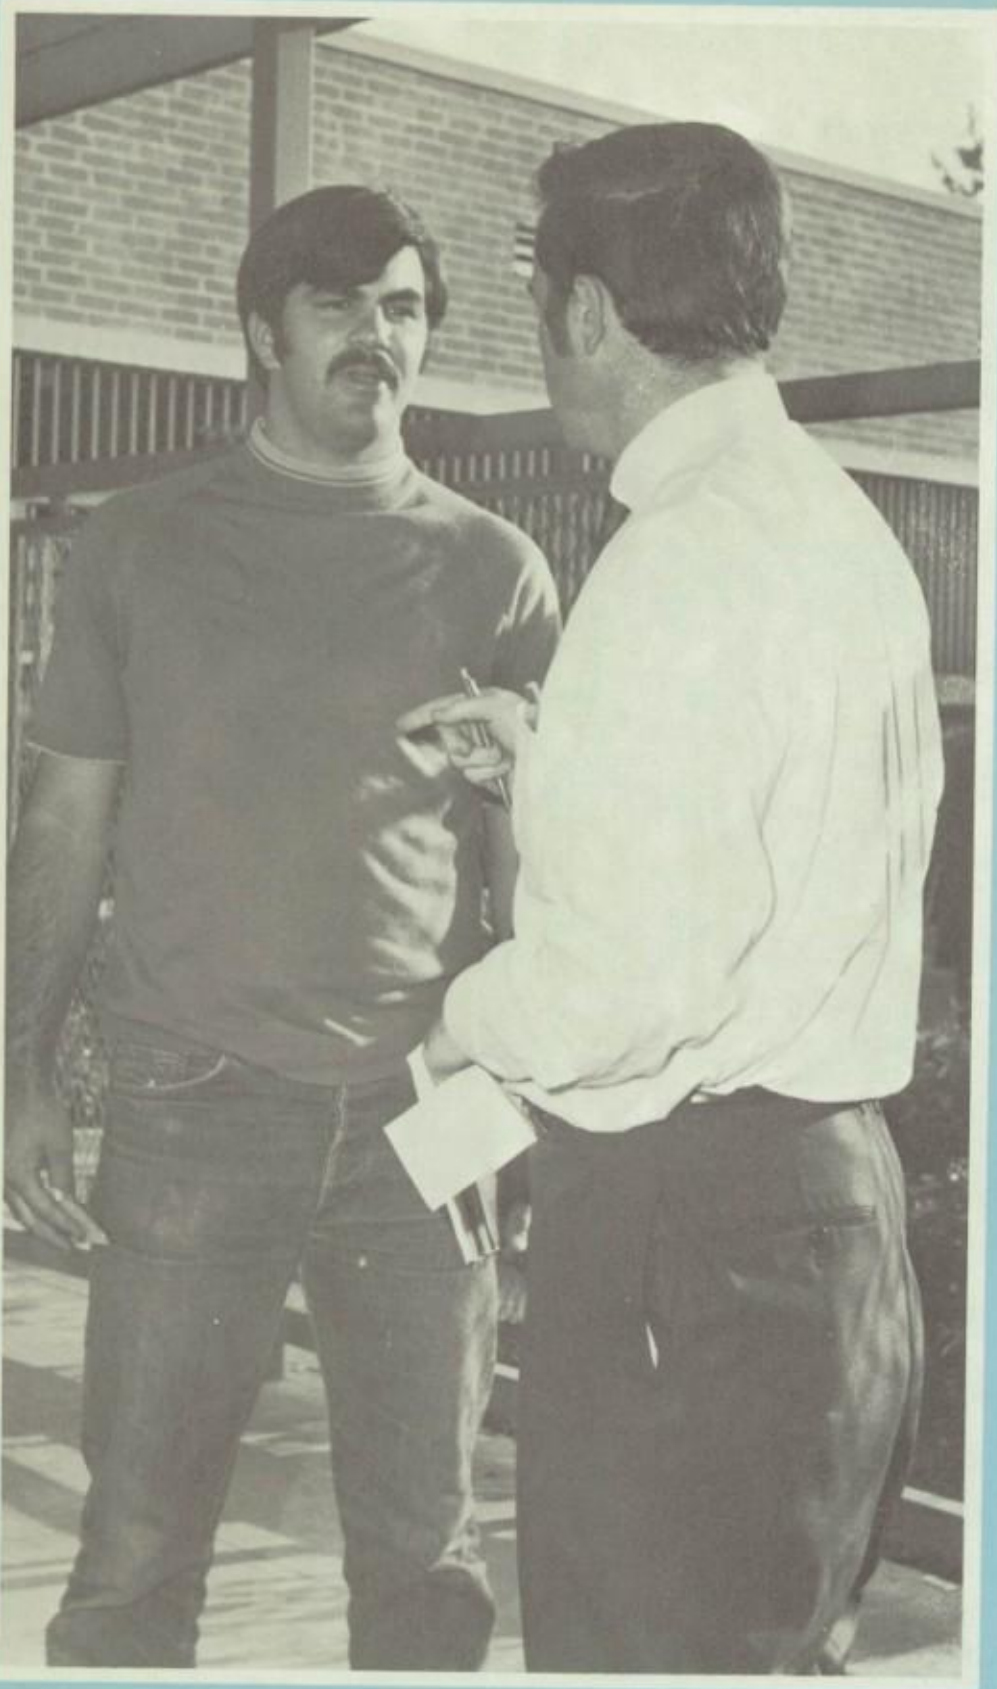

Anatole France

DEDICATION

The 1971 Olympiad is dedicated to life at South High School and especially to all of those who have given of themselves to make that life a better one.

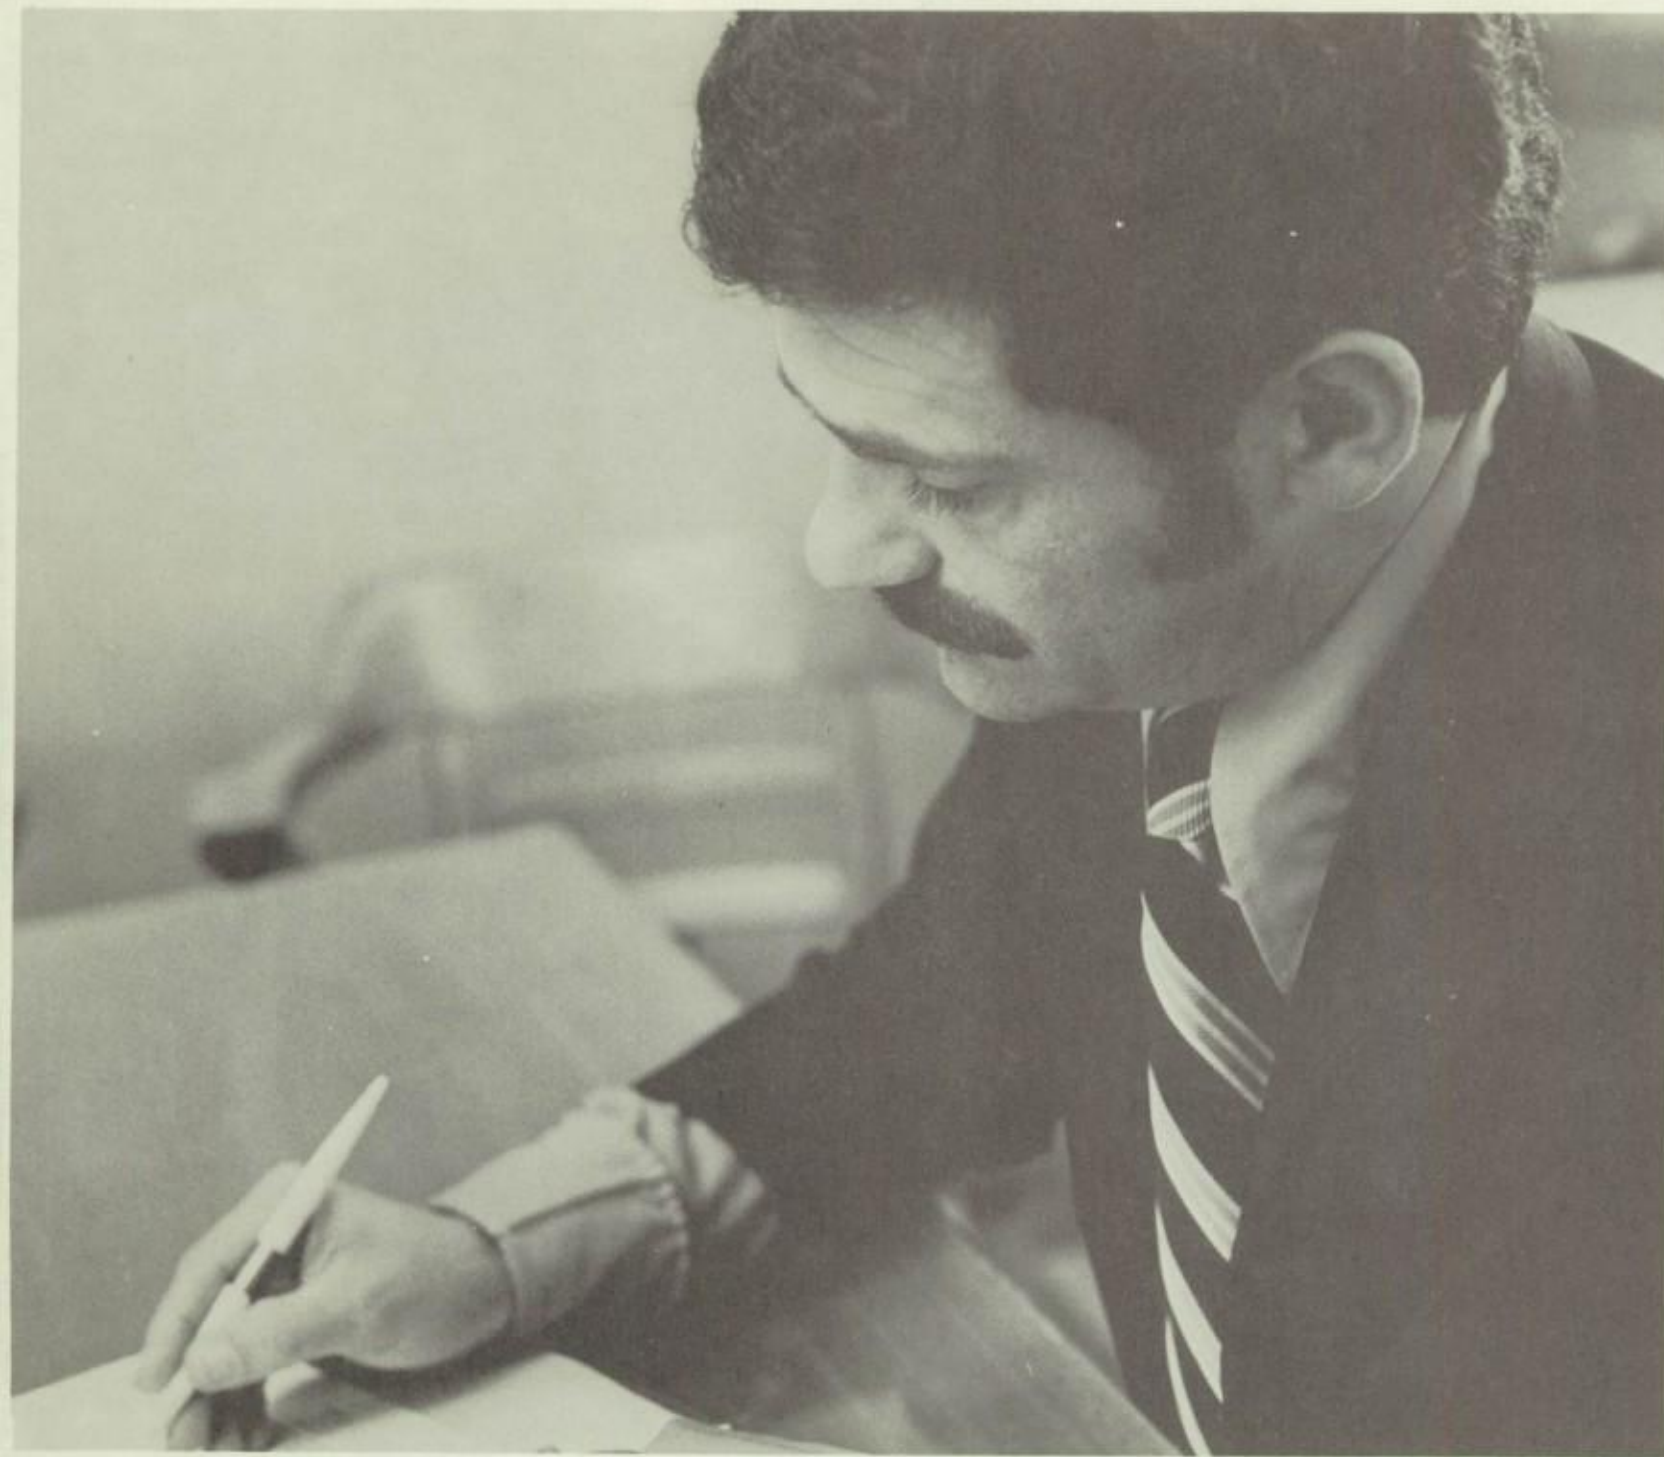

ACADEMICS

From the
Principal's Office

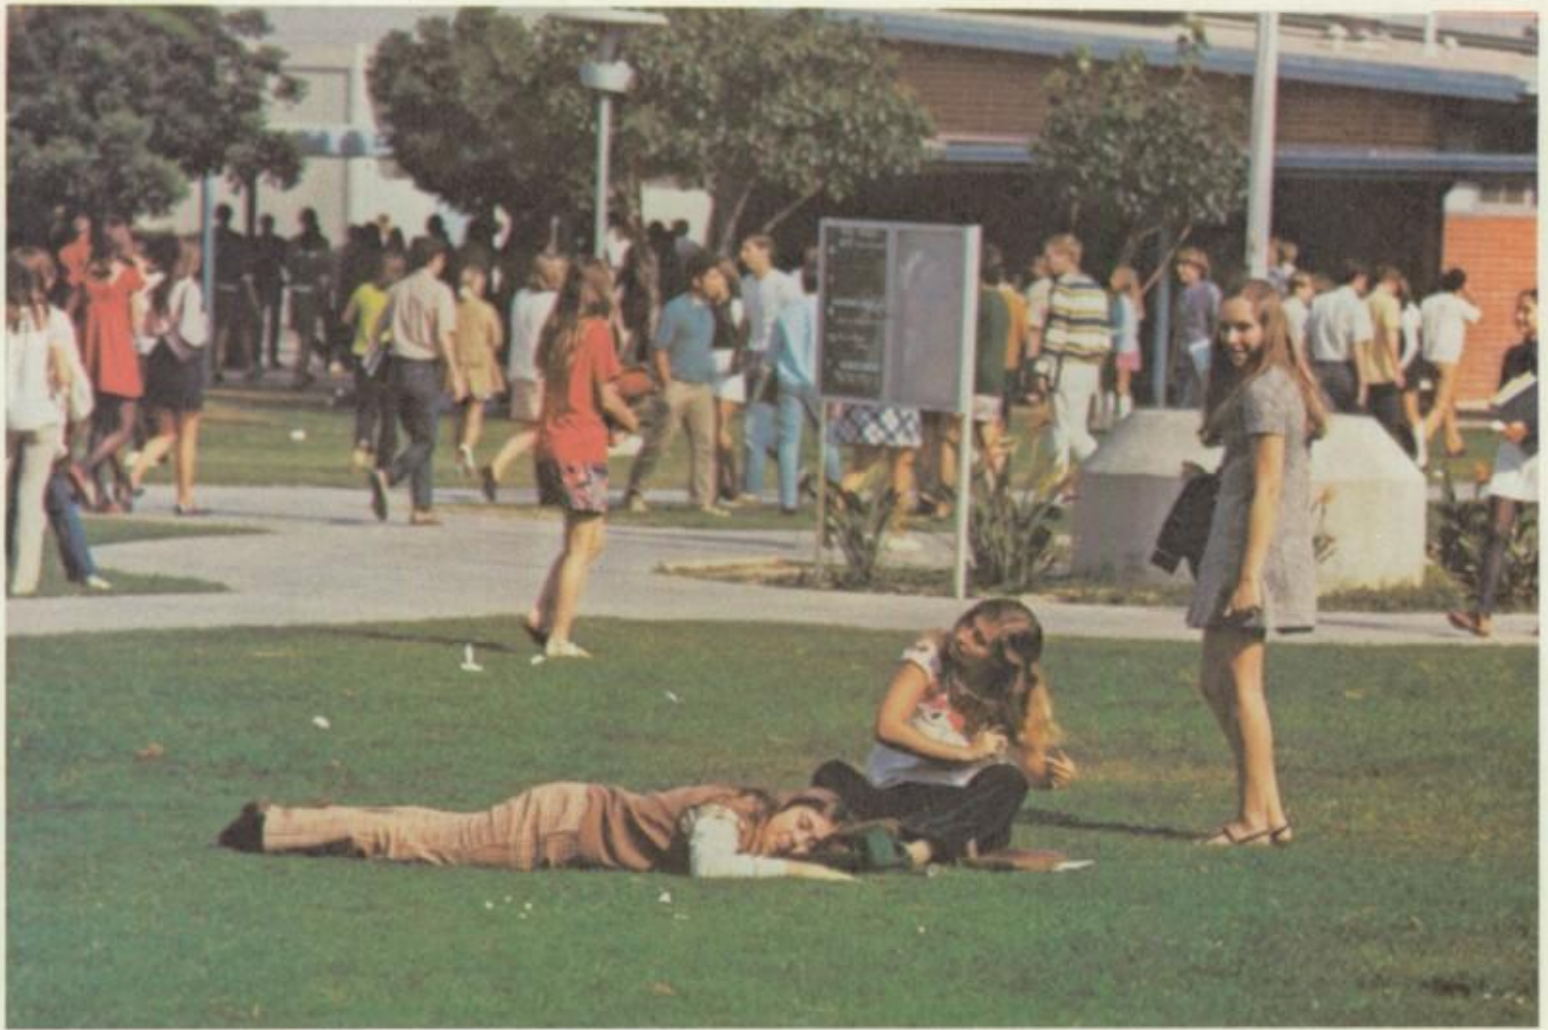

Life is a process of becoming. A healthy society is in a continuing state of change. Education refines the processes of learning, contributing, and communicating, thereby producing the self-directed individual so necessary for these conditions.

Student Services

The Student Service program, directed by Mr. Morgan, is composed of a variety of departments which provide help for the students of South High. The department includes counseling, attendance, health and work experience offices. Student Services offers such programs as testing, vocation, and college counseling.

Business Services

The business services office assigns faculty supervision duties and approves plans for student activities. The office also supervises training of custodial and cafeteria workers. During the fall semester this year, the office was under the direction of Mr. Benson. Second semester Mr. Benson went on sabbatical and his duties were assumed by Mr. McIlvaine. Mr. Peterson is in charge of the activities office and also advises student council. Mrs. McCusker and Mrs. Patton are the secretaries in Business Services who work for Mr. McIlvaine and Mr. Peterson, respectively.

Instructional Services

How many tons of paper will the classes use this month? What classes will be taught this year? These are two of the problems that Dr. Widney, assistant principal in charge of instructional services, and Mr. Stannard, curriculum coordinator, are faced with. Instructional services is also in charge of choosing, with teacher help, the educational materials to be used by the students.

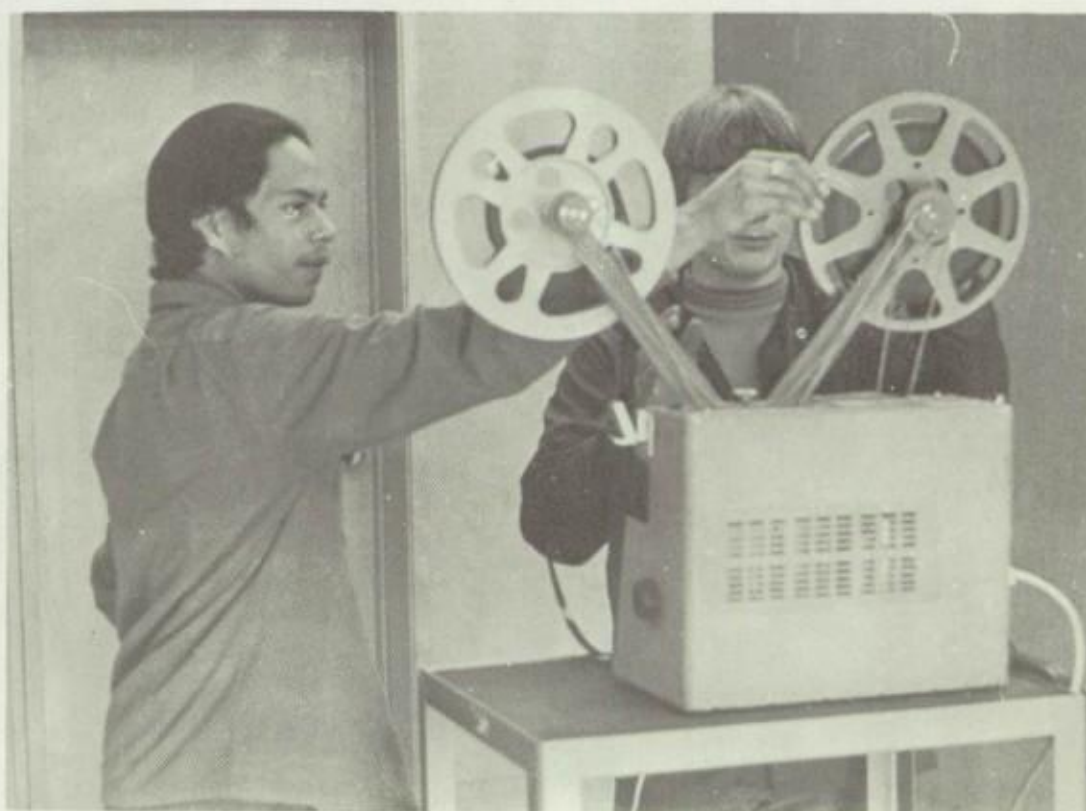

Library and Audio Visual

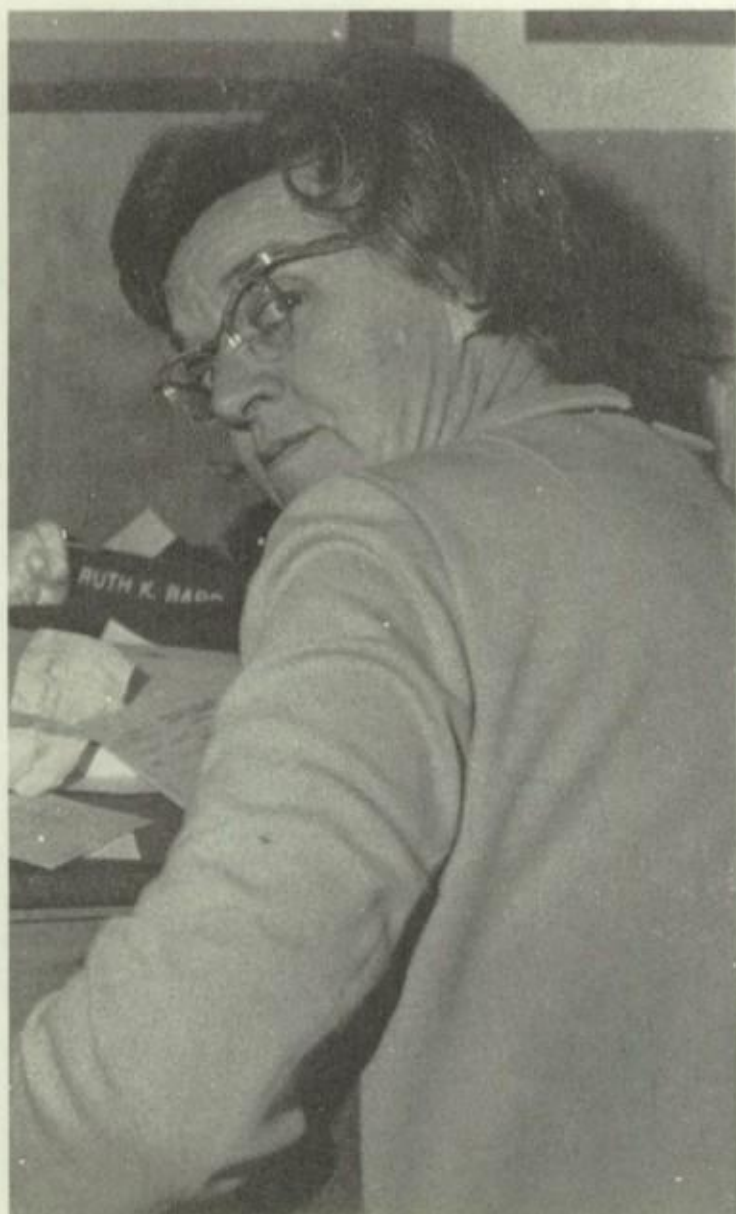

The actual center of learning in any high school is the library, where there is an infinite amount of knowledge available to students and teachers. South High's library offers more than 37,000 books, some written in various languages other than English. Phonographs, tapes, slides, art prints, microfilm, and various periodicals are also made available through the library.

The audio visual department enriches the student's education by providing maps, records, tapes, and films to help supplement the regular textbooks.

Counseling

South High's nine counselors have the important job of advising students about their choice of classes as well as providing information about college, vocations and SAT and ACT testing dates. The little yellow call-to-office slips which the counselors send out are always welcome sights to those who have problems, academic or otherwise or class schedule adjustments to make.

Home Economics and Industrial Arts

Good smells often come from C wing where home economics students are learning the fine art of cooking. Students can study home management, sewing, decoration and nursing. Advanced courses in modern living and Home Economics Research are also offered.

Some of the more enjoyable and useful classes offered at South are found in the Industrial Arts Department. Drafting is taught as a fundamental to all manual skills. In the Machine, Wood and Metal Shops, students gain skills in utilizing blueprints and drawings, and correct usage of materials, tools and machinery. In the electronics class, students study the application of electronics to practical situations. Also offered is a class in auto shop.

Honors and Creative Writing

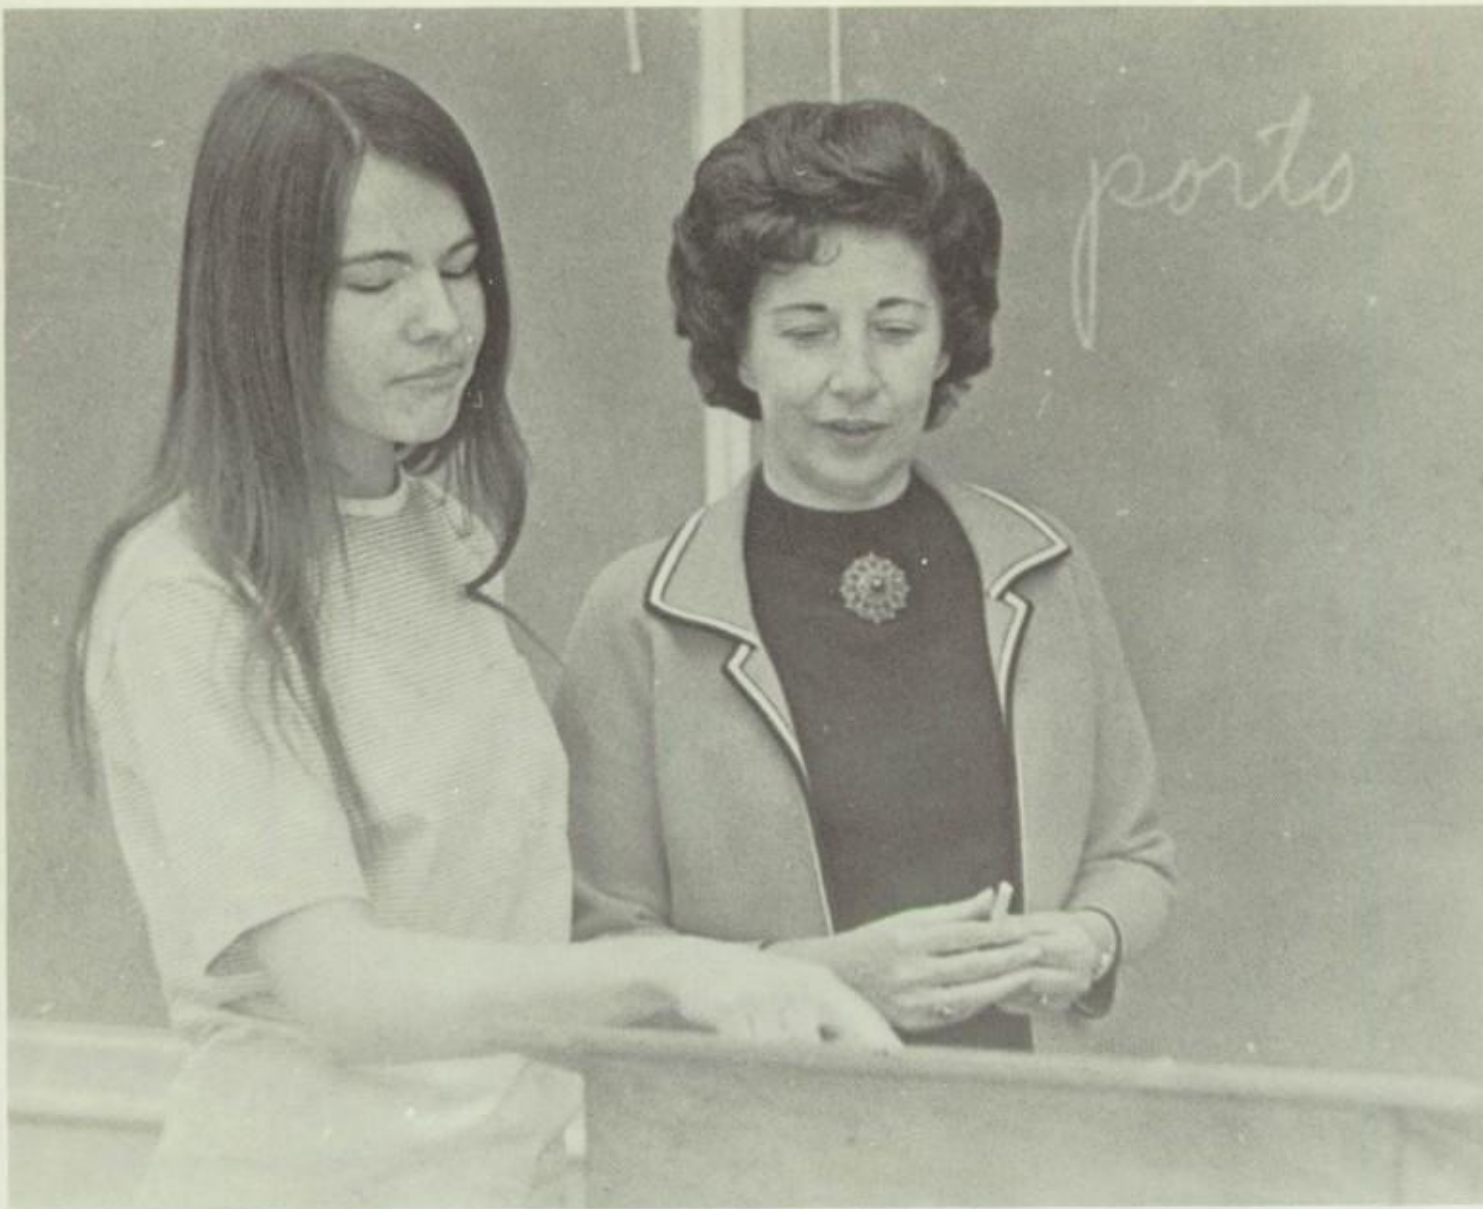

Approximately 70 students, selected by counselors and teachers for their high abilities in English, enter South High's Honors English program and undergo an extensive study of British and American literature. Unlike other English classes, honors is a year course. There are three classes taught, one each at the sophomore, junior and senior level. Seniors in this program may take the Advanced Placement Test through which freshman English credits at many colleges can be acquired.

English

This year the English department switched from standardized year-long courses to an elective program. A number of quarter long, highly diversified literature and composition courses are offered. Students may satisfy their English requirements while concentrating on an area in which they are particularly interested. Among classes offered are Journey into Terror and the Unknown, Modern British and American Poetry and Advanced Expository Writing.

Music

The music department offers many outlets for the creativity of South High's musically inclined students. New to the department this year is a class of guitar instruction. The band, Concert Choir, Madrigal Choir, Mixed Chorus and Girls' Glee Club present various types of concerts throughout the year. The Pep Band plays the stirring melodies which provide inspiration and spirit at South's sports events.

Reading

It is difficult to attain the ability to read with good speed as well as good comprehension. Students learn to improve their speed while retaining facts in Reading, a semester course. Advanced techniques and materials are used by the reading department to help students increase their speed without loss of comprehension.

Driver's Education

One of the most important and useful classes at South High is also one of the most popular—Health and Drivers Education. In this class students get a general education in mental health, drug abuse, and first aid, and learn traffic laws and safety. Special simulated cars are available to students, as well as driver's education cars to gain experience on the road.

Sociology

This ever popular course studies man and his relationships with others. Sociology at South covers such topics as dating, marriage, drugs, family problems and heredity and environment. Discussions and polls are special devices frequently used to bring the student closer to an understanding of himself and others.

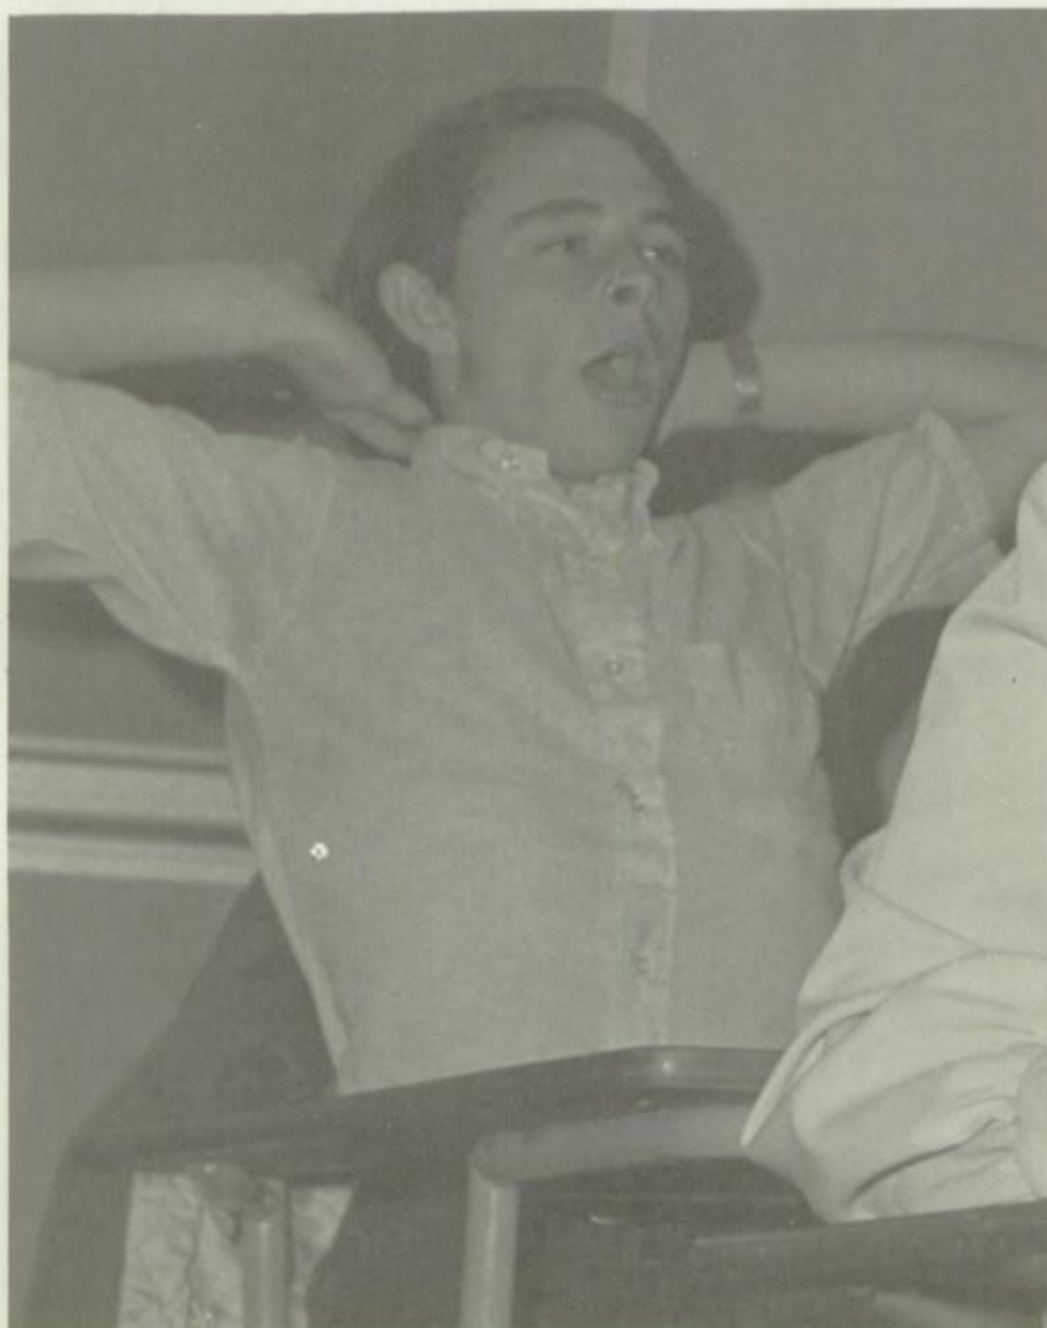

Journalism

Developing a clear, concise writing style is one of many reasons students take Journalism at South. Students entering Journalism learn about the mass media, propaganda, the construction of a newspaper, and various writing techniques. Advanced students publish the school newspaper, THE SWORD AND SHIELD.

Science

A wide variety of Science classes are offered this year to South students. Life science, biology and oceanography classes study the natural aspects of science, while physiology studies the human body. Experimentation and laboratory work are the bases for physical science, general science, earth science, chemistry and physics.

Business Education

Future businessmen and secretaries can gain the skills they need in the Business Education Department. The classes offered include bookkeeping, general business, business law, consumer economics and salesmanship and merchandising. Those going to college may learn the useful skills of shorthand and typing.

The Work Experience Department provides the opportunity for students to use what they have learned in an actual working experience.

National Merit

Students who are interested in scholarships for college may take the three hour National Merit Test administered in the spring of their junior year. Those who score highly become finalists and are eligible to win scholarships. Those who do well, but do not become finalists receive letters of commendation. The winners are notified in their senior year. Congratulations to this year's winners!

California Scholarship Federation

California Scholarship Federation is composed of students with outstanding ability who uphold their grades in academic as well as non-academic subjects. CSF is based on the semester system; students who wish to retain their membership must reapply each semester. Students in CSF for four semesters, including one in their senior year, receive a Gold Seal award. The local chapter of CSF held its convention at El Camino this year.

Girls' League remains to be one of the largest and most active organizations on campus. Activities in the fall and spring semesters included a fashion assembly, Sadie Hawkins dance, Cotton Ball, and welfare project - along with scholarships and awards. The three committees of Art and Decoration, Service, and Public Relations were open to all girls and exemplified what Girls' League is all about—

South's two service clubs are composed of a select group of Junior and Senior students wishing to serve their school. The members' duties include the routine of standing lunch posts, keeping order at assemblies and serving at banquets, but they also include selling programs at football games, helping on class card days, at senior graduation, working in the college catalogue library and helping the administration, faculty and students in any way they can. Besides all the work, the clubs have a lot of fun, too. Welfare projects, annual movies, Project Park work-days, volleyball tournaments, an annual Pizza Palace party and an end of the year picnic are only a few of the things that Athenas and Apollos do together for fun.

Symposium

Smath Club? When Science and Math Club joined into being one, they put a new, and unique name for their club--Symposium. Anyone who wanted to further their understanding and enjoyment of Science and Math was encouraged to join the club.

National Forensic League

Under the sponsorship of Mr. Banks, the National Forensic League promotes a spirit of camaraderie among those who are interested in public speaking. Members have many opportunities to participate in speech tournaments in such events as Debate, Dramatic Interpretation, Humorous Interpretation and Impromptu and Extemporaneous speaking at the novice, junior varsity and varsity levels. The speech squad also participates in the state qualifying speech tournaments held each year at UC LA and San Fernando Valley State College, and several members have participated in the state tournament.

Lettermen's Club

Lettering in the Varsity, Junior Varsity, Bee, or Cee level of athletics is a requirement for membership in Lettermen's Club. As one of the most active clubs on campus, the Lettermen's club has field trips to places such as M.G.M. and the Voit Rubber Company. Other than having fun, their goal is to encourage sportsmanship and spirit among athletes.

"Have you ever been the last in a line of 900 at breakfast only to get green scrambled eggs, cold bread and hot chocolate that is 95% water? Have you ever taken a shower in the middle of a field, or been bombarded by water balloons while sleeping? These were some of the "joys" of Boys' state. It was one of the greatest experiences I have ever had. Throughout the week, the spirit of brotherhood between the 810 young men was overwhelming. Today we are upset about the path our government is taking, but when I experienced the problems of making laws I became a little less critical of our legislatures. At Boys' State we gained a little wisdom, insight, and experienced our duty as responsible citizens."

Girls' and Boys' State

"Girls' State was not just one week of my life this past summer, but a new way of learning and living life to its fullest. Besides learning about the governmental structure of our state, we learned the spiritual structure of our society. We were taught we must either strive for a goal, or be content to stay where we were. The inspiration that was instilled in us that leaders are ordinary people with extraordinary determination made us try a little harder. Though there were 555 girls at Girls' State, no two were alike and no one more important than another."

"The greatest thing you can take from Girls' State that will unlock other people as well as opportunity is her spirit—the spirit of peace and love."

YFU

Two International organizations, the American Field Service and the Youth For Understanding programs, sponsored exchange students to and from South this year. Chris Germis and Mary Griffith were sponsored by YFU, and Karen Wcislo and Mike Reiber were sponsored by AFS.

Chris, from Brasschaat, Belgium, stayed with the Kosidlak family. She has visited Arizona and seen the Grand Canyon since she arrived. Her favorite American food is hamburgers. She enjoys speech class more than any other subject because "It's never dull, there's always something going on." She says she wishes she could take more fun classes like drama and choir instead of all the government and history that is required. She is taking physics and plans to major in science when she returns to Belgium. Chris has been active in Speech Club, Athenas, Student Council and Student Rep. Council and is on the girls' tennis team. She says she wishes she could come back to America someday and bring her whole family along.

Mary Griffith visited Santiago, Chile during the summer between her Junior and Senior years. Her first few days were hard because she was homesick, but when she got over that she never wanted to leave. "The most important part of Chile is her people. Everyone in Chile really cares about everyone else. You know that they are all your friends. All the people are happy, it is like a utopia. The people don't really even need laws because no one wants to hurt anyone or take anything from them.

The Chilean people have a custom that really typifies their feeling for one another. They greet everyone with a kiss. Every single person had so much love for everyone else—it was really a wonderful experience."

AFS

Mike Reiber, from Munich, Germany, stayed with the Livingstons. He had his first quick glimpse of America on his stopover from Germany to California in New York. But he says, "That was too fast, I really couldn't see much." Since then he has been to the Grand Canyon and San Francisco. Mike, like Chris, says his favorite American food is hamburgers. He is on South's Varsity Tennis Team and his favorite class is English.

Karen Wcislo, a South senior, spent eleven weeks of her summer with Atty. and Mrs. Marcelo Mendoza and their family in Zamboanga City, the Philippines. She attended a Catholic school with her three brothers and two sisters from 7:30 a.m. to 5:10 p.m. and took eight subjects. Among them were English, Spanish, Filipino, P.E., Trigonometry, Physics, Religion, and World History. Even though it was terribly hot all the time on the island, Karen said the people hardly ever went swimming at the beach, and if they did they went in with all their clothes on—few bathing suits are seen in the Philippines.

The usual food found in her family's home was rice and whole fish. Watching her father eat the fish eyes took Karen a long time to get used to!

Her family had three live-in maids and a chauffeur for their jeep. Karen said that all the people drove jeeps they had painted all different colors and decorated with flags and streamers.

Karen noticed that the families in the Philippines are closer than American families. Often Karen's family would go to the beach for picnics of cold rice and fish with all the cousins and aunts and uncles.

Her stay in the Philippines was undoubtedly an experience Karen will never forget.

Quality, originality, and thorough coverage are the goals of our Sword and Shield Newspaper Staff. These three ideas combined, have caused the students working on the paper to scratch beneath the surface of school events. This year's editorial page, accomplished to bring in up-to-date topics to arouse the average student's opinion. Mr. Rische, the advisor, helped the staff strive to reach their goals to write newspaper articles, and to bring South High an excellent newspaper.

The 1971 Varsity Soccer team, finishing second in the Bay League, qualified for the C.I.F. play-offs for the third year in a row. South ended the year tied for third place in the C.I.F. Finals, with Keppel-0 and South-0. The Varsity overall record became twelve wins, three losses, and four ties. Also South won the South Holiday Tournament, the biggest ever held in the state, climaxing an unbeaten string of seven straight pre-season games.

Homecoming '70

The celebrated Homecoming Dance was held on November 6th. The theme of this year's event was "Carousel."

Highlighting the evening was the crowning of Queen Debbie Dacut. After South's thrilling victory over Redondo, Seniors and Alumni enjoyed the music provided by the Californians.

Arsenic and Old Lace

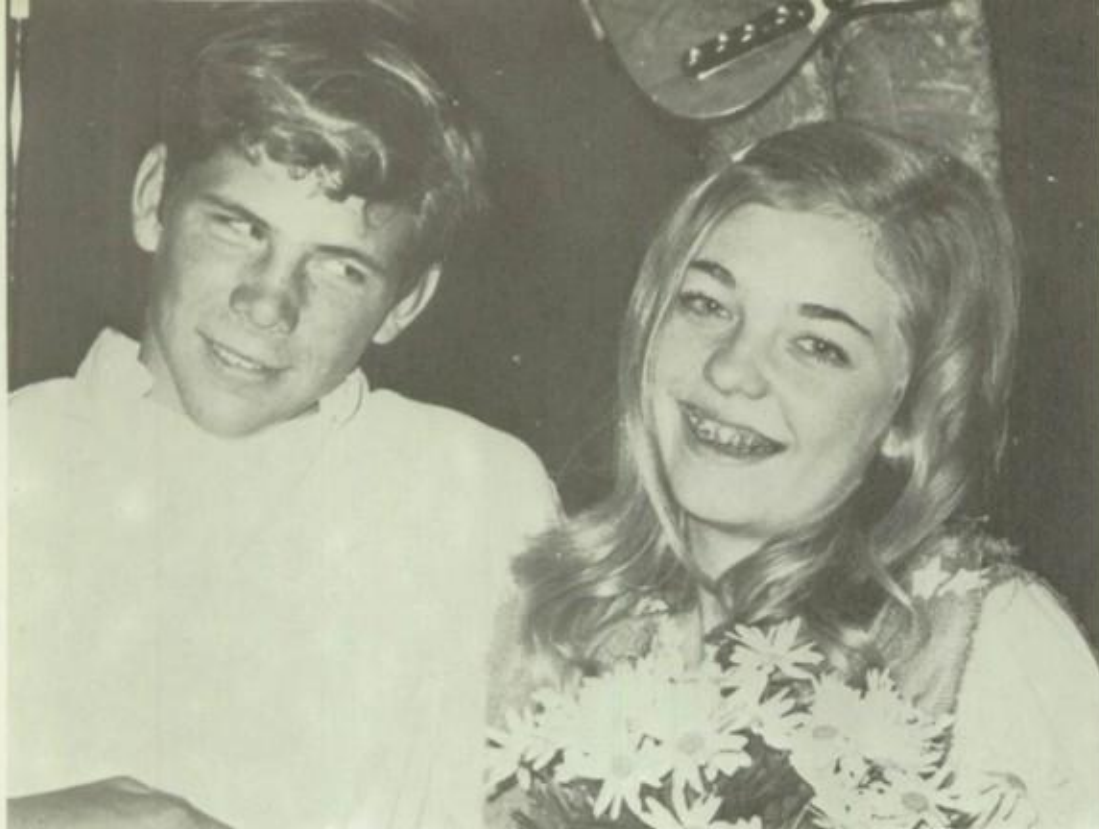

Arsenic and Old Lace, by Joseph Kesselring, is the story of two demented little old ladies and their murderous activities. Abby and Martha attract poor, lonely old men to their boarding house and "put them out of their misery". The two sisters have three nephews, two of which are also crazy. "Teddy" thinks he is Teddy Roosevelt and digs canals in the cellar just the size of graves, which is very convenient for the aunts, who bury their victims in them. Their one sane nephew learns of his aunts' activities and has them committed to an institution. But this doesn't bother the sisters. As Martha says, "just think, Abby, we'll have a front lawn again!"

Sadie Hawkins

"Christmas in the Hills" was celebrated with Girls' League hosting their annual Sadie Hawkins Winter Dance. Jeanine Byers and Ron Meistrell, chosen from a week long contest, reigned throughout the dance as the cartoon characters, Lil Abner and Daisy Mae. In the spirit of Dogpatch, dancers danced to the music of the Flash. Couples could browse through an old country store, or through the marriage and divorce booths.

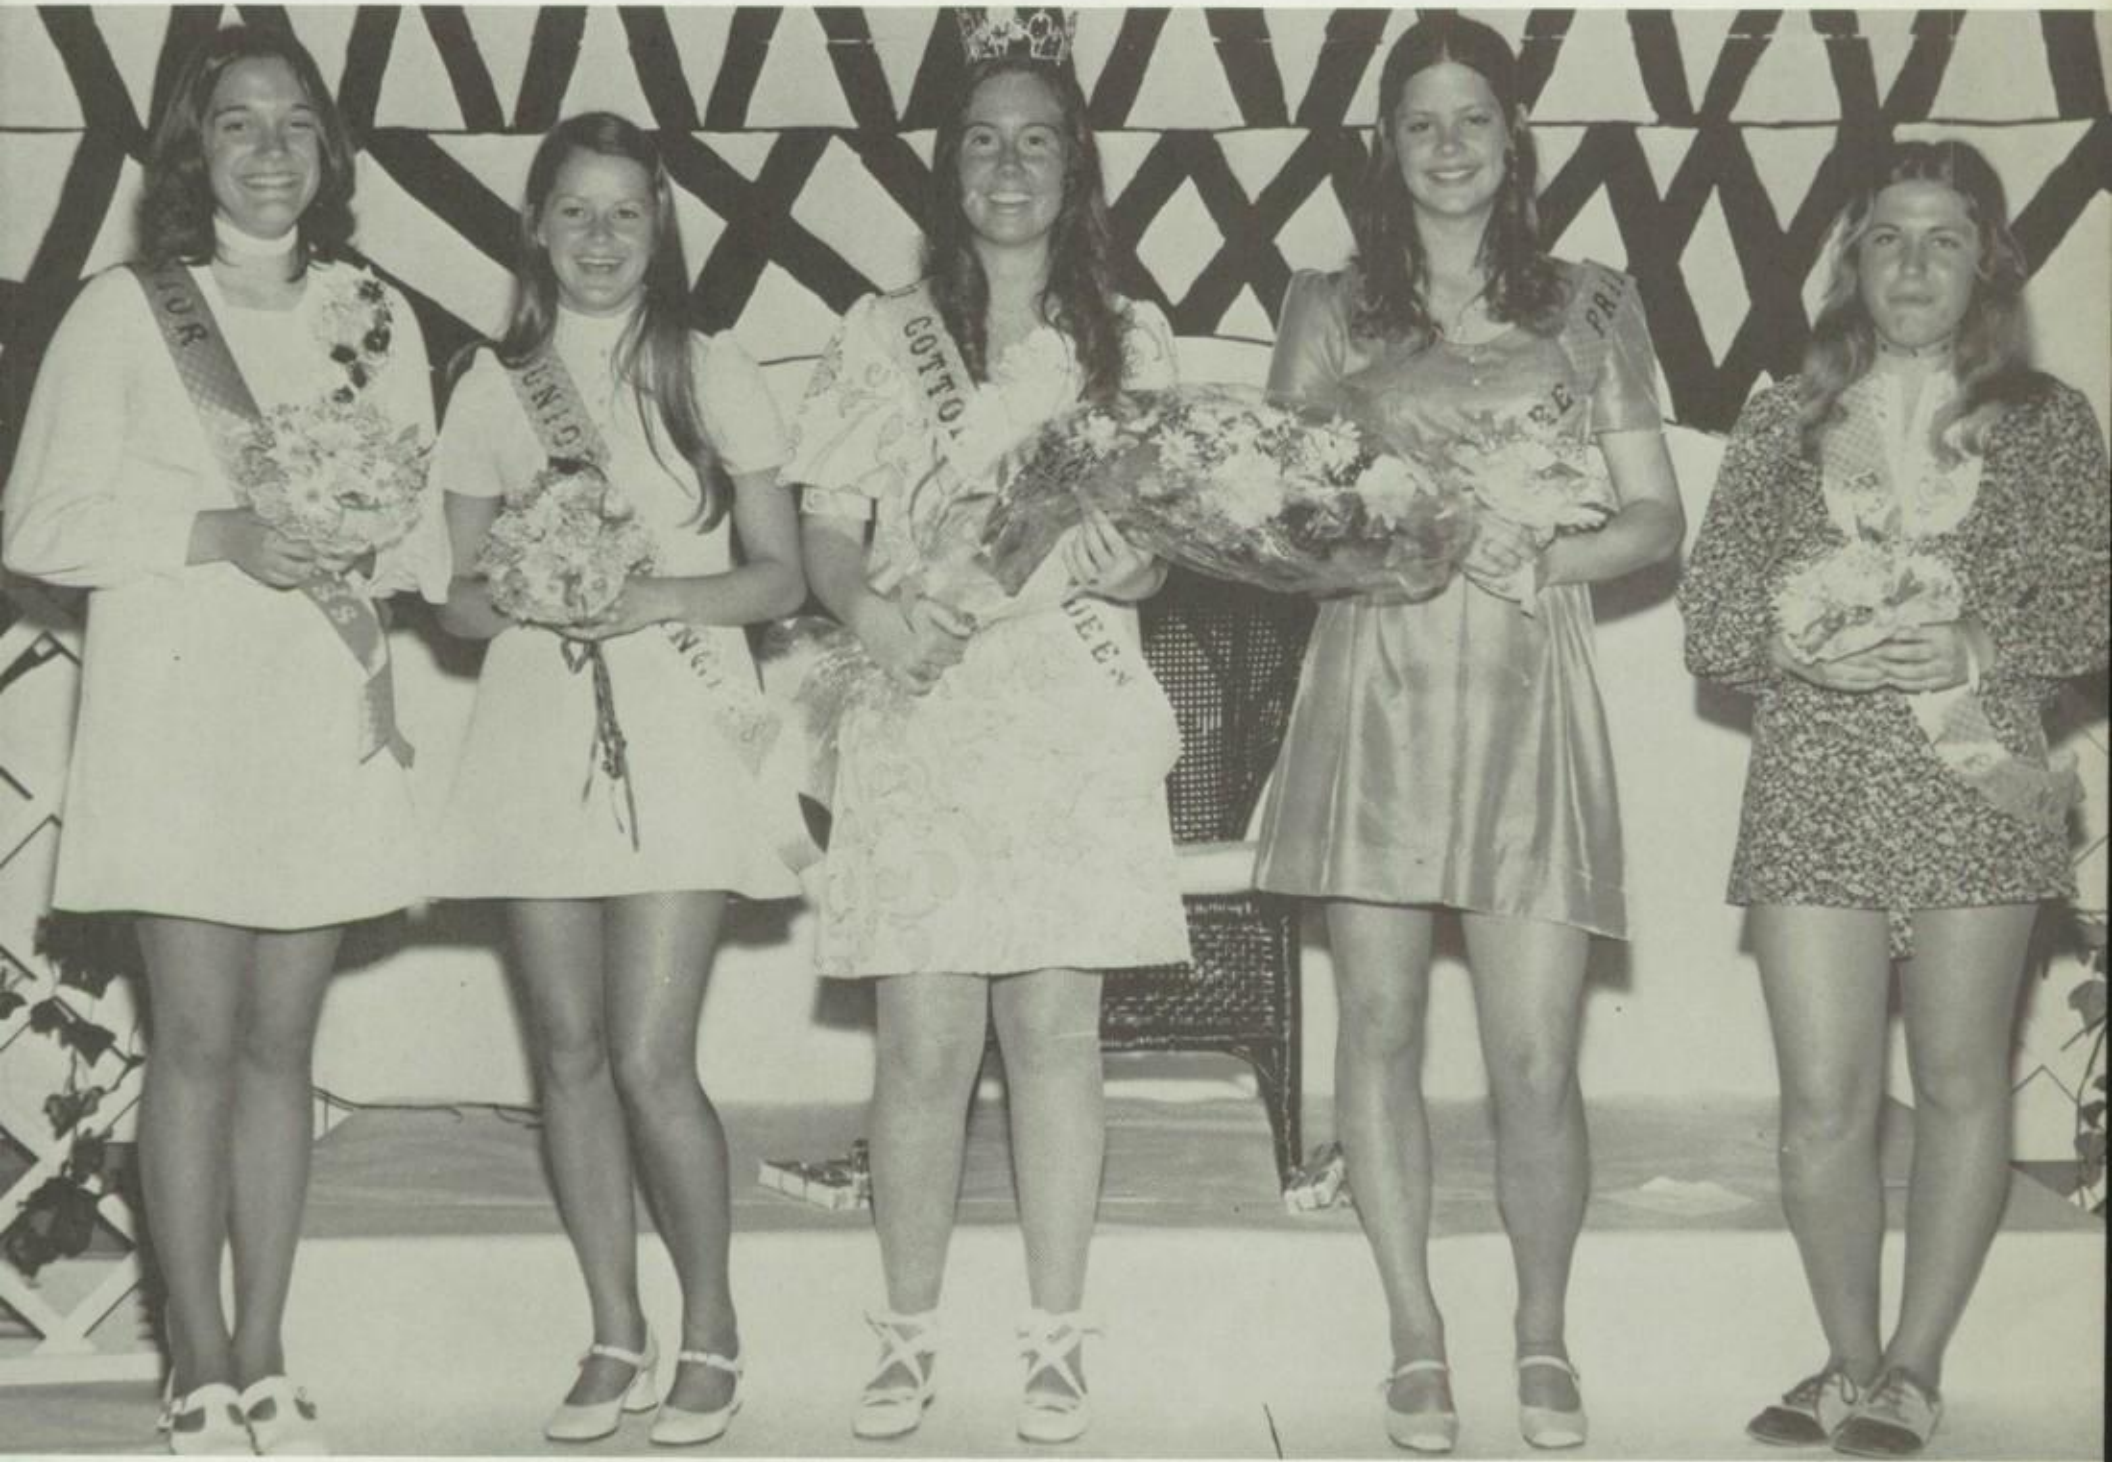

Snowball

"The Snowball", a Christmas concert put on by the music department, provided the audience with a joyous preview of the holiday season. In between songs, students put on little comedy skits relating to the different views of Christmas. Madrigals, Concert Choir, and the Chasonettes participated in this activity, under the leadership of Mrs. Byers, the music director.

SENIORS

Without friends life would be like a
garden without flowers.

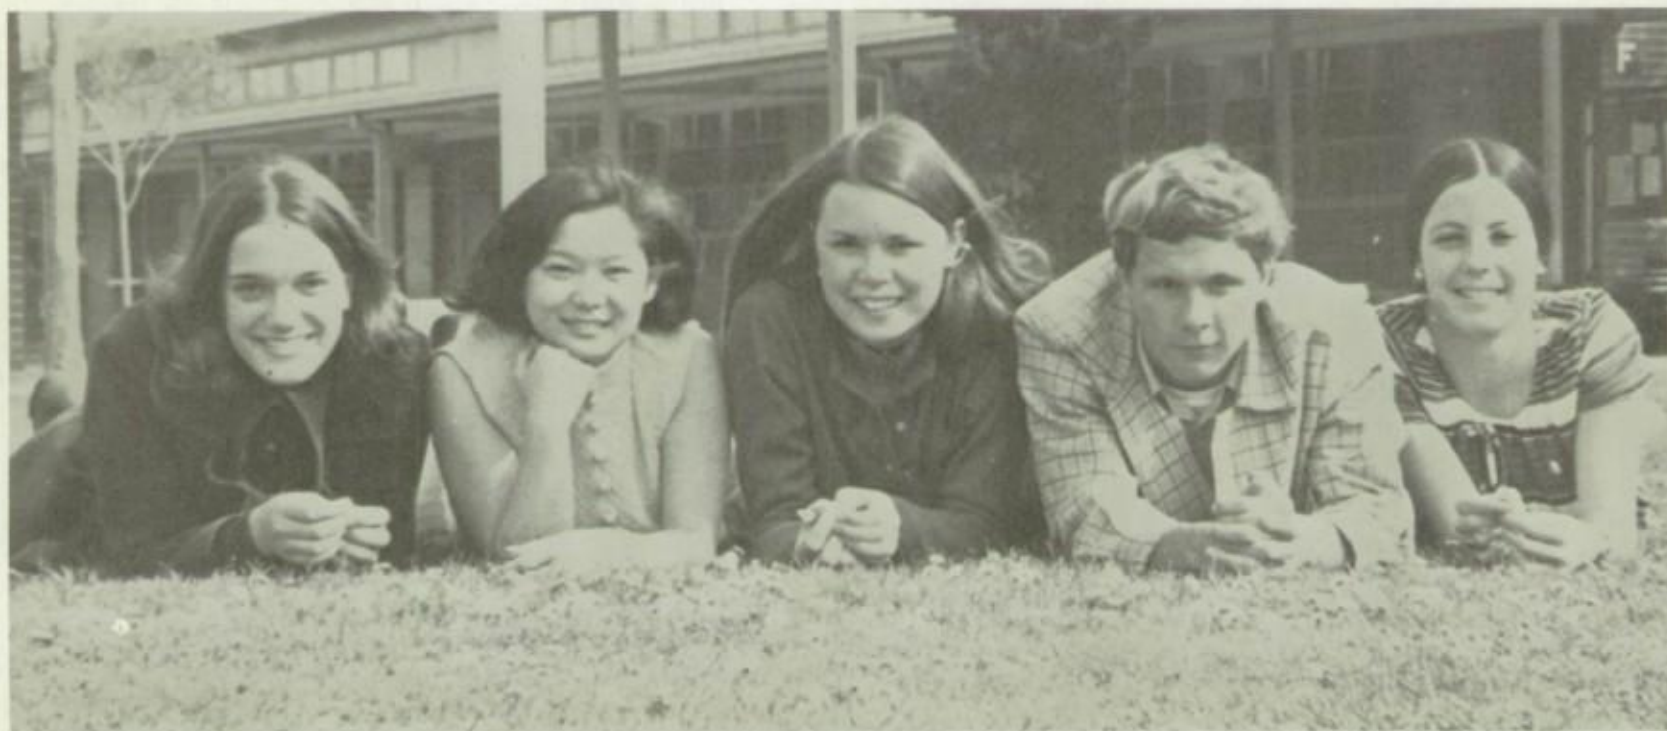

Seniors

The senior class enjoyed an active and profitable year under the leadership of Mike Drevno and Gary Sims. They sponsored a dance featuring "Poor Richard" after one of the football games and raised money by participating as an audience for the Newlywed Game. The senior class also planned and carried out Homecoming and the annual spring car rally. All activities were made possible by Mr. DiBiasi acting as sponsor.

Sophomores

The sophomore class has had an active and successful year under the guidance of Mrs. Williams and Mrs. Wickstrom. They sponsored an after game dance and organized a very profitable See's suckers sale. The class also held the annual donkey basketball game, which has always been enjoyed by the whole school.

In Memoriam

Dr. John A. Lucas
1922—1971

On January 16, 1971, South High School lost a friend. John Lucas, on a boating trip from Berkeley to Monterey, sometime between 7 and 9 P.M., was washed off the boat and lost his life.

We deeply mourn his loss. John Lucas was a dedicated educator, concerned with people and their well being.

It was this concern for others that made John Lucas an outstanding man, an excellent educator and a beloved friend.

The years that Dr. Lucas served South High School will live long in the memories of those that had the honor of knowing and working with him.

—Joseph Rotcher, Principal

Much excitement. . . problems that seem insurmountable. . . laughter and enjoyable times. . . long hours of work. . . and a deep sense of accomplishment when all is finished. . . all of these things have been a part of the year that has gone into the production of the 1971 Olympiad. I would like to thank my assistant editor, the five section heads and the entire staff for their dedication and enthusiasm, and I wish to especially thank our advisor Miss Simons for her invaluable aid and support. The personal as well as professional interest shown by Mr. Fitch of Robert's Studio and Mr. Jesson of Taylor Publishing Company was a constant source of encouragement to the entire staff, and gratitude is extended to them for this. Appreciation is also extended to Mr. Peterson and Mr. McIlvaine and their secretaries Mrs. Patton and Mrs. McCusker, all of whom freely gave interest and support that was of immeasurable value to the staff.

LOOKING FOR SOMETHING?

Self-insight, creativity, happiness. They're all qualities that aren't easy to find. But some suggest that you try pills, needles, and capsules in the search. Some of the last generation suggested materialism. It is unlikely that peace, happiness, and love can be found at the end of a long list of possessions, nor is it likely that they can be found at the end of a chemical reaction. Each of us must find his own answers.
